

Rainer Naroska Engineering is a worldwide leading manufacturer of machines and turnkey production lines for the metal packaging industry in North Rhine-Westphalia. The internationally oriented, medium-sized enterprise is looking for YOU as soon as possible as a

Constructing engineer (m/f/d)

working full-time for our plant Lemgo/North Rhine-Westphalia

Your profile:

- successfully completed technical training or studying engineering
- good knowledge of construction systematics and manufacturing technology
- safe handling of 3D-CAD and experience in 2D-CAD desirable (SolidWorks, AutoCad, HP-ME10, etc.)
- very good teamwork, willingness to learn and a goal-oriented working style
- adherence to deadlines and cost-conscious thinking
- knowledge of English desirable

Your tasks:

- conception, development and design of complex special machines and tools
- further development and new construction of customer-specific special solutions
- creation of drawings, individual parts and assembly groups
- design and creation of pneumatic, lubrication and (if necessary) hydraulic plans
- creation of parts lists and article maintenance
- documentation of the necessary calculations and design criteria during the development process
- support of the editor for technical documentation

We offer you:

With us you can expect a secure and versatile job with a high degree of personal responsibility and an attractive salary. In a pleasant working environment with short decision-making processes, you will be part of an experienced team that is valued worldwide for its special service orientation and expertise.

Get started and apply now!

Use our application form to quickly send in your documents – and convince us that you are the right candidate. Of course you can also send in your complete application documents via e-mail, addressed to our management (karriere@naroska.com).

We are looking forward to meeting you!
