

Rainer Naroska Engineering is a worldwide leading manufacturer of machines and turnkey production lines for the metal packaging industry in North Rhine-Westphalia. The internationally oriented, medium-sized enterprise is looking for YOU as soon as possible as a

Industrial mechanic/mechatronics engineer (m/f/d)

working full-time for our plant Lemgo/North Rhine-Westphalia

Your profile:

- training as an industrial mechanic, mechatronics technician (all f/m/d) or comparable in the field of special machine construction or automation technology
- first professional experience in plant and special machine construction
- knowledge of the installation of mechanical and, if necessary, electrical components of systems and machines
- knowledge of pneumatics and hydraulics
- teamwork
- good knowledge of German and English and willingness to travel on business
- structured and independent work
- class B driving license

Your tasks:

- installation and assembly of production lines and components in the factory
- if necessary, worldwide installation and assembly of production lines at the customer's site
- maintenance and service of machines, including troubleshooting and diagnostics

We offer you:

With us you can expect a secure and versatile job with a high degree of personal responsibility and an attractive salary. In a pleasant working environment with short decision-making processes, you will be part of an experienced team that is valued worldwide for its special service orientation and expertise.

Get started and apply now!

Use our application form to quickly send in your documents – and convince us that you are the right candidate. Of course you can also send in your complete application documents via e-mail, addressed to our management (karriere@naroska.com).

We are looking forward to meeting you!
